Dear «FirstName» «LastName»:

Starting March 1, 2015, a new state law changed how payment is made for vehicle inspections. The inspection fees have not changed but you pay the inspection station their portion of the fee at the time of inspection and the state's portion of the fee will be collected at the time of registration.

LICENSE PLATE	YEAR	MAKE	BODY STYLE	VIN
ABC1234	2014	FORD	PK	12345678912345678

You are receiving this notice in lieu of your registration renewal notice, to make you aware that the vehicle shown above must pass a **state inspection** before you may obtain registration. Registration on this vehicle is due for renewal before the last day of «Month»«Year».

A recent check of the inspection database maintained by the Texas Department of Public Safety and/or the Texas Commission on Environmental Quality did not reflect a current record of a passing inspection for the vehicle shown above.

If the vehicle has not yet received a current, passing inspection, please take the vehicle to an inspection station. After completing the inspection, you may obtain registration at your local county tax office with this notice and the Vehicle Inspection Report (VIR) provided by the inspection station.

If the vehicle shown has a current, passing inspection, you may renew online at www.Texas.gov or at your local county tax assessor-collector's office. If unable to renew online, provide this notice and the VIR at your county tax office at the time of registration.

For a duplicate copy of your VIR, contact the inspection station where you obtained the vehicle inspection, or a Texas state inspection station.

Visit www.TxDMV.gov for more information on this program.

- Sent in place of registration renewal notice when no record of current, passing inspection
- Customer should complete inspection or provide VIR
- Customer cannot renew at subcontractor
- Customer may renew online, by mail, or in person at the county

IVTRS - Vehicle Not Out of state

Inspection & Registration – Together At Last!

Your vehicle inspection cannot be verified at this time. If you have a current passing vehicle inspection and have the Vehicle Inspection Report, please bring it to your county tax office. They will verify the vehicle has passed inspection and you will be able to proceed with registration.

If you do not have a current passing vehicle inspection, you will need to have your vehicle inspected at a licensed inspection facility. A passing vehicle inspection is required to obtain registration. After your vehicle has passed inspection you will be able to renew your registration online, by mail or at the county tax office.

IVTRS – Vehicle Out of State

Inspection & Registration – Together At Last!

The following individuals may continue to register in Texas even if the vehicle is out of state: Active Duty Military, Full-time Students, Seasonal Texans, Apportioned Vehicles, Elected Congressional Officials.

You must complete a Texas inspection upon returning to Texas. A remark will be placed on your vehicle record indicating that an inspection is still due. Law enforcement will not be able to electronically verify your inspection. You will need to retain your vehicle inspection report to show to law enforcement because the remark will not be removed at the time of inspection.

☐ I certify that I am entitled to continue to renew my Texas registration and the vehicle is out of state and unable to complete the required inspection. I understand I must obtain a passing Texas inspection when the vehicle returns to Texas. I understand that a remark will be placed on my vehicle record informing law enforcement to verify my vehicle's inspection status.

- ❑ Customer sees if no record of current, passing inspection
- ❑ Customer must self-certify in order to complete renewal online
- ❑ Customers who do not self-certify must renew with the county

A screenshot of a web application interface for a county title preview page. The page has a torn paper edge effect. At the top, there is a section for "Inspection Information" which is highlighted with a yellow border. Inside this section, it displays "Date of Inspection : Oct 22, 2014", "Inspection Type : CWEO", and "Inspection Fee : 24.75". A red message "Vehicle Inspection Report MUST be verified." is positioned to the right of the date. A yellow starburst with a black arrow points to the "Inspection Information" section. Below the inspection section, there are two other sections: "Sales Tax Information" on the left and "Trade-In Information" on the right. The "Sales Tax Information" section shows "Sales Tax Category: SALES/USE". The "Trade-In Information" section is partially visible and contains some text that is mostly obscured by the torn paper effect.
